Lighting Broadcast Kits Overview

One of the most commonly overlooked disciplines when working with video broadcast is lighting. Portable Church® is here to help make sure that this overlooked discipline receives the proper attention. We have worked with industry leading lighting companies to develop two Front Light Kits and two Environmental Light Kits to support your lighting needs. Enhance the quality of your broadcast by using these light kits to evenly light your subjects and make your backgrounds vibrant and engaging.

Index

FRONT LIGHTING - 2 LIGHT KIT $949

· (2) 12"x15"x2" LED Panels w/ Stands
· (2) Removable 4-Way Barndoors
· IR Remote Capability
· (2) V-Mount Battery Plates
· (2) Multi-Voltage AC Adapters
· (2) Diffusion Filters
· Color Temperature: 3200-5600K, CRI: 96+
· Beam Angle: 45 Degrees
· DMX In & Out, PWM Dimming Technology
· Road Case for storage and transport

FRONT LIGHTING - 3 LIGHT KIT $1,299

· (3) 12"x15"x2" LED Panels w/ Stands
· (3) Removable 4-Way Barndoors
· IR Remote Capability
· (3) V-Mount Battery Plates
· (3) Multi-Voltage AC Adapters
· (3) Diffusion Filters
· Color Temperature: 3200K–5600K, CRI: 96+
· Beam Angle: 45 Degrees
· DMX In & Out, PWM Dimming Technology
· Road Case for storage and Transportation

ENVIRONMENTAL LIGHTING - 4 LIGHT KIT $3,999

· (4) wireless, IP65 rated, battery powered up-light with 96 single color
  (red, green, blue, and amber) LEDs that is controlled by W-DMX or IR remote
· Drop in case for easy storage and recharging of the battery
· Magnetic diffuser filter included
· 9 hours of operation at full output with a recharge time of 6 hours
· Built in automated programs recallable by IR, W-DMX or manually
· 90-degree rotation of the panel from the base for easy direction of light
· M12 threaded insert for easy clamp installation and a Kensington lock
  position for securing your investment
· IP65 rating for temporary outdoor usage

ENVIRONMENTAL LIGHTING - 6 LIGHT KIT $4,099
